

## **Cochran's Catering & Cakes** (765) 676-6369

**We believe that every bride deserves her dream wedding and with that dream, we would like to help you make it come true. We offer many hidden services, for the wedding reception, which will be discussed on this page. These services are all included in the package price you choose.**

**Packages B-E: Includes** a beautiful backdrop, draped with fabric to capture the moment. Elegance is important and to achieve that we have added white icicle lights that frame in the backdrop. This is set behind the cake table.

The cake table will be draped with a choice of a lacy skirting overlay or the silk skirting. Placed beside of the backdrop are two hearts that are 3' wide by 5' tall with white lights and a rose vine wrapped around each heart to add elegance to the backdrop.

Your wedding cake is one of the most memorable moments in your day. This cake should reflect your personality and taste. With this, we can help you design your cake to your preference. If there is a particular cake you have in mind, please bring a picture of it with you and we can make that dream a reality. On the other hand, if you like so many different designs and flavors - we can sit down with you and create a cake that is personal and unique for you. By combining your ideals with ours and accomplishing your dream cake.

Next is the punch table, we have 3 unique candle towers that are 2', 3', and 4' tall which you get to choose from to sit on your punch table. The towers hold up to 13 votive candles that liquefy in your choice of colors. These towers complete the elegant atmosphere we achieve. Along with a choice of two champagne fountains. One is all white trimmed with gold and the other is silver trimmed with gold. The tables are skirted to match the cake table with a silk table skirting. All of this equipment is not for rent, but is included in the price of our packages.

**Packages C-E: Include** all the above and more. (Includes Package B) We have a decorating package that includes center pieces, set of 3 floating candles, candles, Eiffel tower vases with beautiful floral arrangements, hurricane candle holder, head table draping with scalloped white silk skirting and an underlay of choice color by the bride. This is not included in the price per person.

Our buffet lines are skirted with the silk skirting used throughout the event. Depending on the menu

Choice, the buffet line is set-up differently.

As the Bride and Groom enters the reception and proceeding to the head table. We escort the Bride and Groom through the Buffet line – we do this to insure that neither the Bride nor the Groom drops anything on their dress or tuxedo. Because we know how important the memories of pictures mean to you and with so many more to be taken throughout the event. After the Bride and Groom are seated, the Wedding Party is dismissed followed by the parents' tables. Then from there, we like to dismiss each table to the buffet line. If any

guest needs assistance through the buffet line – we are happy to escort them.

We do not just stop at the food we continue all the way to the end of the planned events. We communicate with the DJ and Photographer on how the events should take place. i.e. cutting of the cake, toasting, speeches, bouquet toss, and garter toss. We help you help them put your special day in order so things will be elegant and run smooth. This ensures the Bride that everything is in order and no worries.

**All of our services are included in the price you see per person. If we can help your dream become reality please call us and we will make it all happen.**

**We do travel to other locations then our home location.**
